### Mount Your iPhone To Your Handlebars

The BioLogic Bike Mount for iPhone lets you attach your iPhone to your bike's handlebars so you can track your GPS position, your speed, or distance travelled, while you ride. The Bike Mount is a weatherproof case with a welded touch sensitive membrane so your iPhone is completely protected from the weather but fully functional. The inside of the case is lined with silicon for shock resistance. The Bike Mount pivots so you can use your iPhone in portrait or landscape mode. A membrane protected opening for the camera lens lets you take video or pictures while you ride. Fully compatible with the BioLogic ReeCharge.

- **Weatherproof** – welded touch-sensitive membrane prevents water ingress
- **360 degree pivot** – portrait or landscape mode, it's your choice
- **Shock resistant** – protective silicon lining inside the hard outer shell
- Weather protected openings for camera, headphones and charge cable
- Compatible with iPhone, iPhone 3G, and iPhone 3GS
- iPhone 4 Version available 2011 Q1
